

JUDGES FOR THE SIXTH INTERNATIONAL MINIATURE ART SHOW

With the growing interest and participation of artists and the rising number of entries over the past years it was decided to invite two judges to make the awards for this year's show. Mr. Reed Ide, Managing Editor of MINIATURE COLLECTOR magazine and Mr. Eugenio Benini, Oviedo, Florida, post impressionist have joined hands in this monumental task. They studied in great detail the 650 works selected by the jury for hanging. Awards were made in 47 categories. In addition, two purchase awards-a Judge's Purchase Award and a Photographer's Purchase Award-were also made.

A newcomer to the awards categories this year is the Duckwall Award. This is made to the American artist judged to have the best body of work entered in the show.
